

Submitter: Taylor Gurney

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I hope you are well. I am normally not an active individual in politics but find this proposed bill to be far off the mark of a solution. Public spaces should remain accessible and kept fully available to the public. This means individuals that choose to setup 'home' in any form of dwelling in these areas would in fact be infringing on every one's else right to these spaces. Find another solution.
