Measure: HB3501

BAD IDEA!!!!

How is it ok for people to pitch a tent on someone's private property? It's not ok. We pay our taxes and expect to have our properties not to be littered with trash and people camping on it. The problem right now is there are no consequences or repercussions for people who go around vandalizing and destroying other people's personal property. This bill will only exacerbate the problem. No thank you. Haven't we destroyed this city enough? I am so heartbroken to see what the city of PDX has become. We went from a beautiful envious city to a dump. Allowing this bill to pass and having public camping permitted will be the nail in the coffin for everyone living here.
