Measure: HB3501

You are giving the right of a "house less" person/s to abide on my property that I PAY for and have worked hard to obtain, while paying steep taxes to help fund my community? How many more people will it take that are leaving our beautiful state to make you WAKE UP. What kind of entitlement are you willing to give these mentally unstable people? Enough is enough. I am a born and raised Oregonian, and I am ashamed to call this home. The blood will be on your hands when homeowners have no other way but to take care of this problem by themselves.
