Committee: House Committee On Housing and Homelessness

Measure: HB3501

I'm writing to urge you not to pass HB3501. It's dangerous and will destroy our public spaces. We can be compassionate to homeless people and NOT allow them to permanently and legally camp in our public areas. What would become of every park? Portland has become an extremely dangerous city to live in for those of us who are homeless and those of us who are housed. Please, please, please do not do this. It will further destroy our beautiful state. This is not the right direction for Oregon.
