On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I cannot believe this is even being entertained. Allowing homeless people to essentially put their tent wherever they please is antithetical to a humane, civilized society. Let the state and its communities work on helping the homeless find housing. But let's not encourage or enable the homeless to maintain the status quo which is unsafe and awful for them and unsafe and awful for the taxpayers of the state.

Please stop the madness and reject this proposal.
