

Submitter: Nancy Lester

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Passage of this bill will deprive taxpayers of the use of parks and other public areas for which they pay taxes. Allowing motor homes to be parked in any public area or street for an indefinite period of time creates a driving and walking hazard. Both of these situations exposes the public to verbal and physical harassment. The taxpaying public will be exposed to the dangers of discarded needles, vermin, and other trash and detritus of people who will take advantage of this proposed law and stay indefinitely in public areas. This proposed law is a bad idea that caters to the unhoused and neglects the welfare of the taxpayers.
