

Submitter: Shannon Garlitz
On Behalf Of:
Committee: Senate Committee On Rules
Measure: SJR33

I'm writing in opposition to SJR 33.

With advancements in science the past 50 years regarding human development, personhood in the womb, and medical technologies, Oregon law makers would be negligent and deliberately indifferent in advancing further extreme, radical measures of expanding abortion access in Oregon. The number of volunteer based, privately funded pregnancy resources centers helping women, children, and families during unplanned pregnancies far exceed those of Planned Parenthood clinics which profit millions of dollars from taxpayers.

Please start listening to all voters and act accordingly to the wishes of all citizens. Oregon used to be a culturally diverse and desirable state to raise a family in. However, with the one party rule and one-sided political dominance of the metro area overtaking the entire state without so much as allowing public hearings from minority sponsored bills, diversity of thought is no longer tolerated here. The radical ideologies consuming and interfering with everyday lives is not what the majority of Oregon voters want.

Please vote not on SJR 33.
