

Submitter: Doug Shipley

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

This seems to be a really bad idea. I live in a town that has tents in public spaces and it interferes with the livability to enjoy those spaces. Build shelters and let those who choose to live in them, live in them. I suspect many of the campers are camping because they want to or need to due to drugs and they won't go to the shelters. The other question is bathrooms for the people camping in our public spaces.
