Committee: Senate Committee On Rules
Measure: SJR33

Dear Sirs and madams,

I am a life long Oregonian, and at seventy years of age, I have witnessed the horrible leadership, which has led to a great exodus from our State. You all have been elected to represent the people, yet you do not listen to us, nor heed our advice. You have sworn to "...uphold, protect, and defend our State Constitution, and the Constitution of the United States of America"...Yet you do not! You are Blind Guides! You are leading this State into a disasterous pit of your own making and this bill is the quicksand that will trap you and us, and cause more people like me, to flee Oregon. You have failed over and over, and now you want to continue this headlong rush to the destruction of this land. It would be far, far better for you all to go home and stop what you are doing! Please, heed these words: First, do no harm! Our children are to be protected, yet you would use the State Constitution to make them vulnerable. Children do not possess the knowledge necessary to make life or death decisions, especially without the parents input.

I implore you to back away from this ill-conceived legislation.

Sincerely,
Debra Westcott
