

Submitter: Matthew Danley

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Allowing ANY public use of camping would create a massive burden in public funds for maintenance and cleanup of all garbage. The streets are littered in garbage in cities that allow camping in public spaces. I oppose my tax dollars for use in giving a blank check to this crisis. I will ONLY support designated locations for camping that the state designates which can help people reach the resources they need to climb out of their struggles. Don't make other citizens who obey laws and follow community standards suffer for an "empathy" bill for the homeless. Create SPECIFIC places of care for the homeless that are not on our streets, sidewalks, and public parks.
