Measure: HB3501

I oppose 3501. This has got to be the most ridiculous piece of legislation, ever written in Oregon. Our homeless, drug, crime problem is already out of control. Letting people camp in front of my house would make me feel less safe in my own neighborhood, bring crime to my neighborhood and bring trash to my neighborhood. Whoever wrote this bill needs to be fired. This is absolutely ridiculous! I am considering moving my family out of Oregon because of all of this legislation. It has keeps getting worse, not better. I know a lot of businesses have already left and people will follow. There is a very small window of time for Politicians to get their act together and turn this around before Oregon will fall. Now is that time.
