

Submitter: Paige Powell
On Behalf Of: SUPPORT HB3213
Committee: Senate Committee On Labor and Business
Measure: HB3213

Dear Senate Committee on Labor and Business,

Please do the right thing and support the passage of HB 3213! Testing on animals is outdated, wrong, and barbaric and causes great pain and agony to the animals before they are slaughtered. Yes, cruelly "disposed of" after great agony and suffering. Does this unnecessary evil represent the citizens of Oregon? No. So please vote to support HB3213.

Thank you.

With Best Wishes,

Paige Powell
