On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

This isn't the answer to our homeless crisis. We need a solution to help people off the streets not keeping them on the streets. Lack of affordable housing and the drug crisis are the problems these homeless people are facing, please work to address these issues. Stop making our streets unsafe for the citizens of Oregon. The above legislation is not the right path. If passed, I will subject myself to leave the state of Oregon.
