Measure: HB3501

Legislators,

The City of Portland has enabled our homeless addict population for long enough. We see and live with the disastrous consequences on a daily basis: the open drug use, the drug dealing, the murders, the gangs, the car thefts, the endless trash and graffiti, and the endless fires are daily occurrences at these inhumane camps without water or sewer.

We need a solution that demands mandatory treatment for drug abuse, NOT these misguided bills.

Thank you.
