Measure: HB3501

I can see no good coming from this proposal. Letting Homeless camp where they want is dangerous to the citizens who have worked hard, paid their taxes and are mindful of laws. It has be shown that the garbage left in their camp sites and behind for the business owners to be toxic. Why would you punish law abiding citizens to this? Before you try and pass this I would have our representatives who are proposing this invite the homeless camps in their neighborhoods.
