Measure: HB3501

This bill is absolutely ridiculous. 3/4 of our unhoused are from out of state, enticed by our decriminalized drug laws. Do we want to be the Mecca for americas drug addicted? We don't have the \$\$ to handle the ones we already have. It's getting worse every day. My grade 3 son stepped in human feces in front of his school, from the camp out front. We have done 5 sweeps so far this year on his schools block and the school was sent into lock down because a man with a spear started chasing a girl. Last week the kids hid in the gym because an RV next to the school caught fire and it smelled so badly of chemicals, metal and rubber burning. The teachers passed out old covid masks because the air was so bad. Stop enabling this destruction of our city!! Stop making this so easy for people to destroy portland.
