

Submitter: Jeanette Miller

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I do not stand behind this initiative - I believe there is a better more pro-active way to address homelessness, not something that simply enables them to stay homeless and have rights to do what they want in public space and sue if their space is disturbed. I believe if anyone is receiving public assistance of any form there should be a fair exchange for services/products provided/received. This aides in people maintaining dignity and self esteem.
