

Submitter: Lisa Childs  
On Behalf Of:  
Committee: Senate Committee On Rules  
Measure: SJR33

All human rights necessary for trans individuals has already been granted under the equality act- Gender identity would abolished the sex based rights of females & males Self ID would erase sex in language & law eliminate protections for female only spaces & safeguarding for vulnerable women & children Male sex offenders would be able to identify into female prisons & have unfettered access to female prisoners Self ID would skew data for census medical & criminal records & males identifying as the opposite sex would be able to hide their criminal records Lesbians would be required to allow any male into lesbian only spaces All women's pregnancy menopause & support groups would be open to any male choosing a new gender identity Rape crisis centers domestic violence shelters female hospital wards would all be subject to male invasion Elderly women requiring intimate care would be forbidden to request female only caregivers Women's sports would be annihilated as males already have stolen women's awards & scholarships Males in women's locker rooms legitimizes indecent exposure which is against the law Young Girls need not be exposed to naked strange dangerous males who self ID in female only bathrooms Women are unable to identify which men who self ID are not a threat Since violence against women is at an all time high all women especially vulnerable women & children need more protection not less The consequences of self ID are enormously devastating to the dignity privacy & safety of all women girls & children Thousands of people are requesting that this law the joint committee is considering be struck down We strongly recommend that the Oregon constitution not be amended to include self ID The rights of tran identified individuals is guaranteed now & needs no further intrusion into the rights of women & children
