Measure: SJR33

I have been a proud Oregonian for 43 of my 64 years. As a woman married to another woman and as a provider of gender affirming health care, I have personal experience with the issue of access to marriage and health care as basic civil rights. I love the fact that Oregon has worked to make this state a place where the LGBTQIA+ community can have civil rights and live in safety. I hope you support a vision of Oregon as a leader in supporting its citizens with the right to marry who we love and have access to life-saving gender affirming health care. Thank you.
