

I have lived in Medford for 22 years and have been saddened by the increase in crime and drug use. We do not have a homeless problem; we have a drug problem. There are many public parks where we do not feel safe to visit anymore. The greenway was once a nice place for the family to ride bikes and enjoy Bear Creek. The library has also been taken over. Now, even though we are paying our taxes for these services, we are unable to visit them. I'm sure you are well aware of what is happening.

The so-called "Right to Rest" bill has recently come to my attention. I don't even want to imagine what will happen if this bill is passed. The more we enable the drug addicts, the more will come, and the more working people will leave the state. Can't we just set up more designated campgrounds? I am begging you to get this bill defeated.
