Having endured an extended period of time living among those who take over spaces I absolutely OPPOSE this idea. We had hundreds encamped near us in a water preserve area (196th and Baseline in Aloha). It was a nightmare! The threats were daily; the thefts were constant and the drug use was rampant.

No. Absolutely not. If you feel this is needed invite them to YOUR house and let them live with you. I will not support this in any way, shape or form.
