

Submitter: Michael Leiser

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

HB 3501

I am opposed to this bill because it takes some of my rights away of me. I feel I am entitled to at peace in my home. I feel I have the right to have people that are destructive to my property. This bill removes my rights as a tax payer and a productive member of my community. It gives new rights and prioritize people that are not productive in society. We have allowed this to go on to long, rather giving more we should be doing things like the make work projects from the great depression. Put those that want to work back to work and have the state subsidize their pay. Those that are on drugs should be given treatment in enclosed facilities. You drive drunk you go to jail and rehab. You take meth and heroin and you get a hand out and support from the state and cities so you can maintain your life style through theft with no consequences.

I am a tax payer, home owner and support many causes related to homelessness in our community

I oppose this Bill
