

Submitter: Terry Mattson

On Behalf Of: Tent City and money given to homeless

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I am against Tent Cities. It looks terrible and ruins our city. I am afraid to go downtown to our once beautiful city. There is garbage, waste, needles and violence, etc around. This should not be allowed. It is inexcusable. These people should be housed in an empty building. And certainly there are enough of those. And no one should be given free money that the tax payer has to provide. We've worked long and hard for our money and we should be able to decide where it goes.
