

Submitter: O Roll

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

This bill takes away the rights of those of us who want to have peaceful use of our cities and homes. Why should anyone work hard to buy or rent a home when anyone can be anywhere for free? This creates an environment where those who live on the streets have more rights than homeowners and renters. I believe we should be creating more homes and shelters, not taxing homeowners 1% of their pay, to then make the homeless situation worse by destroying our beautiful city. This "solution" is untenable and caters to a small minority of our population to the detriment of everyone else. It is a lazy non-solution. We need to house people, help with addiction and mental health. Not punish everyone else by making our city unlivable for everyone.
