Committee: House Committee On Housing and Homelessness

Measure: HB3501

No, no, no. This is NOT the answer. I am all for empathy and compassion and helping with logical assistance to those who are homeless. But this is pure insanity and needs to be refused. I am astounded that a representative would even contemplate this as a solution. Simply no. Opens a Trojan horse with a myriad of problems. Want to drive Oregonians away from the state? Passage of this would accomplish that.
