Measure: HB2098

I support replacing the bridge, however I oppose HB 2098 -2, because this legislation as currently written jeopardizes a right-sized Bridge Replacement, right now. I support the forthcoming -3 Amendment (and the policy recommendations offered by the Just Crossing Alliance) that ensures this replacement bridge project moves forward smoothly with explicit pro-labor provisions, finance guardrails, and major investments in mass transit.

This is a critical infrastructure project for the state of Oregon, it's essential that we get the details right.

Sincerely,  
Steve Bozzone
