

Submitter: David Schlinkert

On Behalf Of:

Committee: Senate Committee On Rules

Measure: SJR33

I'm an old, white male married to a woman that I love. I am 100% in favor of this amendment, because no one should be denied the opportunity to marry whomever they wish. Nor should any rights granted to any other citizens be restricted because of their person preferences. That includes a woman's right to control her body.
