Committee: House Committee On Housing and Homelessness

Measure: HB3501

What about the rights of citizens who pay taxes to use public spaces that are safe and clean? These public spaces will turn into drug infested areas that are unsafe for everyone, including those experiencing homelessness who do not wish to partake in drug use. Housed people also have the right to feel safe and enjoy public areas.

Please stop pushing us aside. This state will turn red if these types of unhinged and unfair bills are passed.
