

Submitter: Robert Roholt

On Behalf Of:

Committee: Senate Committee On Rules

Measure: SJR33

I am opposed to SJR0033. It is a constitutional amendment that is in direct conflict with my religious beliefs. If passed, it would deny me freedoms enumerated in the United States Constitution and in the Oregon Constitution. I cannot support any law that takes rights away from an unborn person, allows a minor to be physically mutated, or denies the physical reality of humans to be one of two genders, male or female, which is determined by our genetic makeup (xx chromosomes verses xy chromosomes). Denying science does not make it false.
