On Behalf Of: Exposing murderous legislature  
Committee: Senate Committee On Rules  
Measure: SJR33

Do not pass this abhorrent bill.

Leadership in Oregon does not care that it murders and destroys families in the name of equality, but there is no equality. Democrats do not believe in equality. (Nor actually in equity.) We have already observed how babies have zero rights--one Democrat said to me, when I asked him if he knew that Belgium permits parents to kill their children through age 18, "Yes, but only the handicapped." I guess in his mind it was okay as long as the child was handicapped. That is the next step, killing children after birth, just like Hitler did. Because we must remember that this bill is only a step in the direction of increased government interference and destruction of people, just like Hitler and Stalin, and so many other tyrants of history who just dropped the pretense and got involved with Final Solutions.

Oregon legislators do not care that the supposed interventions and "rights" kill the innocent. The Democrat Part, for 20 years has promoted the Biodiversity Treaty provisions, that call for the elimination of people. All these kinds of bills are integral to eliminating people. All the climate change garbage, and the forced death shot, called a vaccination to deceive,--what else should we expect from the legislature that has enshrined baby killing? This bill will permit the insane to destroy Oregon further.

That's why they want our guns confiscated, so there is no ability to fight off intruders. But so many other rights will be trampled because of this bill.

They see us as "the bitter clingers," as Obama said. Clinging to guns and religion, with antipathy to those not like them....they deplore us and destroy us...especially if we are black. And especially children in the womb for now.
