Committee: House Committee On Housing and Homelessness

Measure: HB3501

To those considering HB 3501 Right to Rest Act. This is insane. Can't you see what this homeless situation has done to our cities, our parks , our urban and rural areas. Those of us who are becoming a minority because we pay taxes are now afraid to visit the cities, parks and campgrounds now because of the drug use, the aggressive behavior of those occupying our public areas and not to mention the unsanitary conditions which threaten our health and well being. Who thinks these things up. I know NO ONE who supports this. Get in touch with those you represent. If you put this into law you are putting a big welcome sign to all that you can pitch a tent anywhere. Come one come all! This is ridiculous.
