Measure: HB3501

Horrible idea. My spouse and I were just attacked this noon outside a Corvallis restaurant by a ranting and aggressive "homeless" person obviously suffering from mental illness. We feared for our lives. It is foolish and irresponsible to allow people (often the drug-addicted and violent mentally ill) to camp willy-nilly in taxpayer supported public spaces and, worst of all, around \*children\*. Instead... Oregon lawmakers should be working diligently to expand mental health treatment and forced incarceration of those who are a physical danger to the law-abiding in this state! Treat or restrict movements of the drug-addicted, criminal and mentally infirm so Oregonians can again have a civil society where taxpayers can move freely without fear for their lives! DUMP THIS BILL! Gary
