

Submitter: Shelly Willis

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

We have lived next to a large encampment for over a year and experienced "campers" resting across from our child's daycare for several months. The amount of drugs, violence, gun shots, screaming of profanities, fires, and human feces my family and I have seen over this short amount of time have been astronomical. Not to mention the harassment of our neighbors, the multiple attempted break ins and the vandalism of personal property that has happened. It's absurd that this is even up for consideration considering what our city has seen and endured over the last few years.
