Committee: House Committee On Housing and Homelessness

Measure: HB3501

This bill is NOT a solution. It is an abysmal bill that will create only more problems for Oregonians. This bill will perpetuate more conflicts confrontations violence and a demise of neighborhoods. With Governor Kotek plan There are emergency monies for areas ( counties/ cities)to put definite and positive plans into actions and emergency shelters/ transitional housing- REAL reasonable housing solutions !! This HB 3501 bill is a set up for increasing a spiraling downward society with worsening behaviors of individuals who have no real accountability. This bill could lead to blocking public sidewalks( what happened to ADA ) taking over parks, fortifying already rampant drug use, drug behaviors, effects of drug induced paranoia and mental illness. Why label and put forth “ rights” with no accountability or responsibilities. NO to HB 3501.
