Committee: House Committee On Housing and Homelessness

Measure: HB3501

I strongly oppose this bill. We live across the street from Laurelhurst Park, which used to be a lovely park. My children, who are now grown, used the park all the time when they were young. Sadly it has now become a dangerous place. I certainly feel for the homeless population, but allowing these tent cities is inhumane & dangerous. The open drug use, aggressive behavior from the campers, human feces & garbage is just awful. These people need social services - addiction help and mental health services. I believe that is where we should be spending our money!!

PLEASE PLEASE PLEASE vote No on this bill. We want our lovely city back!
