On Behalf Of: Tax paying Citizens

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Why are those who do not contribute to public spaces being given ownership of them? Tax payers support public spaces and should be able to use them. Instead the sidewalks, medians, and parks have been taken over and ruined by those who contribute nothing to them. All they contribute is crime, trash, needles, feces, Etc. I don't think doubling down on failed homeless policies is the answer to the problem.
