Committee: House Committee On Housing and Homelessness

Measure: HB3501

This is absolutely disgusting! Stop enabling this behavior! They leave a filthy garbage dump wherever they stay! We the tax paying people who pay our way to use the public property are sick of it. Put funding into the root of the problem, mental health and drug rehab!

Homelessness is destroying our once clean and safe towns.

They look like garbage dumps and many of them are harmful to the public because of drug and alcohol use. Let them camp only at the city dump property. Make room there.
