Measure: HB3501

Nope. Nope. No. Do not pass HB35001. High barrier shelters, treatment and affordable housing are needed, not the complete chaos of public camping. Already non-HOA-protected neighborhoods are bearing the brunt, the preponderance of campers, shelters and Safe Parking. HB3501 Will further burden older and working class neighborhoods while HOA CC&R-protected neighborhoods continue to enjoy safety, livability and no threats to their home equity. FORGET IT! No to HB3501!
