

Submitter: Edward Conlow

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB2098

I am opposed to HB 2098 as amended by -2, but would be supportive with adoption of the -3 amendment instead. The Interstate Bridge Replacement Project is critical to the I-5 transportation corridor (and to the Portland area), but it needs to move forward in a manner which assures a right-sized design, major investment in mass transit, pro-labor provisions, and effective financial oversight.

Please support the -3 amendment. Thank you for your consideration.
