Committee: House Committee On Housing and Homelessness

Measure: HB3501

I oppose the House Bill 3501 for the following reasons.

1. There is already lot of people causing nuisance to people whose homes are on the street roads.
2. This won't help the people who are homeless, because they can get food and shelter. These people will be abused and they will get into drugs which then would be cyclic.
3. We have seen drug needles strewn on the street which are dangerous for young kids.
