Measure: HB3501

I oppose HB3501. The homeless situation will only get worse if there are no laws regulating them. People are living in filth and disarray. Many are sick or drug users. How can this be okay? It will lead to more crime and unsanitary conditions which can cause disease.

Why can't camp's be set up with portapotties, showers and places to cook and share meals, and dumpsters for garbage. You talk about dignity...this would be more like it, not sticking your head in the sand and giving up.

We need to live by laws and ethics, please.
