Measure: HB3501

To whom it may concern,

HB 3501 is a bad bill. This bill will further embolden the drug addicted homeless to destroy this state. In Medford the homeless drug addicts set fires almost daily in illegal homeless camps along the greenway with almost no accountability. This bill aims to let them camp on the front porch and if they burn the place to the ground who will be accountable? The law makers? It's time to invest big money into inpatient mental institutions that existed pre 1990's to solve a majority the homeless epidemic we currently see. It's an unpopular solution for many but it must be done. HB 3501 must not pass.
