Measure: HB3501

This bill would create more problems than currently exist. As a business owner on water ave in se Portland, I'm all too familiar with how bad things can get when the vast amounts of public property isn't monitored properly. With the huge amounts of vacant jobs currently, there isn't the manpower to monitor all the public places in Oregon to make sure there aren't violations, including drugs, violence, sanitary concerns, trafficking, sex work, etc. As a lifelong resident of Oregon, I strongly oppose this bill!
