

Submitter: Laura Wilson

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Keep campsites to established campsites with services and safety. Public areas are not campsites. People do not have the right and should not have the right to sleep anywhere because they will get hurt. Public area non-camping area is needed for a healthy city. I need to walk from my house to my car. Have people come to my house. Visit a park. That right is superior to supposed right to sleep anywhere. No one has rights in this country unless they pay for them. — want to sleep? Buy a house rent a room. Go to a campground.
