

Submitter: Alexandra Bruckner

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I oppose HB 3501, the so-called Right to Rest law. The language in this bill is extremely vague and is subjective about what constitutes as harassment for each homeless person. The number of homeless people will only increase with the passage of this bill, having a negative effect on everyone: residents of a town, the homeless people, and the economic well-being of the town/city. Please vote no on HB 3501, it is obvious how the people of Oregon feel about this bill based on the submitted testimonies; please listen to your constituents.
