Committee: House Committee On Housing and Homelessness

Measure: HB3501

Please consider that most of us support helping the homeless become “un-homeless”. It’s why you’re elected. What you are encouraging here is the opposite of that.

If I’m homeless someday, I hope I live somewhere that has an effective means to help me back on my feet to live a productive life supporting my community in my actions and my taxes, not encourage me to stay where I am. Is that place Oregon? We trust you to achieve that, but isn’t the right mentality to do so. Please actually represent us, and stop this behavior at your level.
