

Ladies and Gents,

This bill is THE most ludicrous pile of garbage that I have EVER seen. I oppose this bill as vehemently as is allowed by law and moral ethics(unlike those who benefit from it). I am a taxpayer and home owner and I WILL NOT be subject to these scum! Furthermore, should my property value plummet due to your absurd ideas, there will be a class action taken with EVERYONE who you screwed over. Your constituents! I doubt any of the homeless voted for any of you. I know that I will never cast a vote for anyone that is in power and currently being useless to the problem. When all the taxpayers bounce, how are the homeless gonna pay your salaries??? STOP IT!!!!
