Committee: House Committee On Housing and Homelessness

Measure: HB3501

As a 15 year resident of Portland's Montavilla neighborhood I have seen this city in some great times and the current times. I'm an vehemently opposed to the passage of this bill. The city has become less safe because of the decisions of state and city government. The drug problem has gotten out of hand. The decision to legalize small amounts of drugs has backfired spectacularly. I will not remain a resident of this state if this bill is passed. I will gladly move to the safer and cleaner Vancouver, WA.
