

Submitter: Jenna Mejia

On Behalf  
Of:

Committee: House Committee On Emergency Management, General  
Government, and Veterans

Measure: HB2410

I support House Bill 2410. As a mother of three young children, Early Childhood Special Education Teacher, and lifelong resident of Ontario, Oregon, I know what great need our community has for a recreation center. The children in this community need to have a positive place to socialize, exercise, and learn. Our community members need a place to socialize, exercise, and learn. It make a huge positive impact in our community.
