Measure: HB3501

I'm strongly opposed to HB3501. One only has to look at what's unfolded in Portland over the past 4+ years to see the future failings of this measure if it were to be approved. Don't subject communities across the state to becoming the next Portland who has seen significant increases in crime, waste/filth throughout encampments, plummeting neighboring home/property values, businesses closing, escalating taxpayer expenses to manage... HB3501 is not the answer!
